Star Rating:

BauerFinancial star ratings classify each institution based upon a complex formula factoring in current and historical data. The first level of evaluation is the capital level of the institution followed by other relevant data including, but not limited to: profitability, historical trends, loan delinquencies, repossessed assets, reserves, regulatory compliance, proposed regulations and asset quality. Negative trends are projected forward to compensate for the lag time in the data. BauerFinancial employs conservative measures when assigning these ratings and consequently our analysis may often be lower than those supplied by other analysts or the institutions themselves. More than a quarter of a century of experience has shown this to be a prudent course of action. As a general guideline, however, the following groupings were used:

*****	:Superior. These institutions are on BauerFinancial's Recommended Report.
****	:Excellent. These institutions are also on BauerFinancial's Recommended Report.
***1/2	:Good.
***	:Adequate.
**	:Problematic.
*	:Troubled.
ZERO	:Our lowest rating.
FDIC	:Institution has failed and/or is operating under FDIC conservatorship.
S.U.	:Start-up bank. Institutions that are too new to rate.
